Z for Free Program

1. An IE/PC must have 3 PCs making a purchase of at least 65 CV during a calendar month. Not exclusive to specific packs.
2. Qualified PCs must have an enrollment date after Oct 1 to Qualify as one of the 3 PCs.
3. Existing PCs (prior to Oct 1) may not count towards qualification.
4. The 3 PCs must be on EZ Order.
5. If the enroller has more than 3 PCs, we will look at the PC price dollar value of the lowest of the three highest PC's volume.
6. Multiple orders by a PC may be accumulated during a month.
7. The Enroller (IE or PC) must be on EZ Order and have an order of equal or greater value to the lesser of the 3 PCs during the qualifying month.
8. The enroller will receive Loyalty Reward Dollars (LRD) for the value earned on the 10th of the month following the 3 PC purchases.
9. Starting Nov 1, LRDs will allow IEs to qualify for commissions.
10. No commissions are paid upline on the LRDs.
11. PC Bonus (difference between PC and wholesale price) is not paid to the IE on the 1st 3 PCs when LRDs are earned (following month).
12. PCs may not earn commissions, only LRDs.
13. Team Commissions will be paid on the 3 PCs: Enroller IE payleg or first upline IE if enroller is a PC.
14. Z-for Free LRDs are earned based on the PC pricing model, i.e., they will earn 88 LRD from an Achieve instead of 80 (if that is the lowest of the 3 and your personal order).

Frequently Asked Questions

Question: If I'm the enroller do I have to have a higher order than the lowest (of my 3 highest) PC's orders? Ex: I have a 120 order and my 3 PC's end up being 240 for their lowest volume and I don't get the Loyalty Reward Dollars for it, right?

Answer: You receive 120 LRDs

Question: Do pre-October 1st Loyalty Reward Dollars accumulated count towards Qualification?

Answer: Yes, Team Commissions will be paid on the 3 PCs: Enroller IE payleg or first upline IE if enroller is a PC

Question: With TC being paid weekly how do we know what leg they go on and what if the pay leg and power leg switch the following week when we've already paid TC to the opposite leg because at the time that was the pay leg.

Answer: As before, PCs always go on the payleg regardless of which week. They also are on the payleg for monthly rank qualifications.

Question: If I have 3 PC's that purchased the first month and a different 3 purchase the next how do we take away the 10% from the first PC's on the following month if they don't order or do we just forget it?

Answer: We withhold the PC Bonus on the first 3 PCs order of the following month.

Question: If I have 3 PC's and the lowest of the top 3 have his own 3 PC's earning him free product. Do I also get free product even though one of my top 3 didn't pay for his product?

Answer: The 3 qualifying PCs need to be purchasing PCs.
